## Product Specification

**Product Name:**Oxytetracycline HCL

| ITEM                                      | SPECIFICATION                        |
|---|--------------------------------------|
| Characteristics                           | yellow crystalline powder            |
| Identification                            | A. Absorption at 353nm: 96.0%~104.0% |
| Crystallinity                             | Meet the requirement                 |
| PH Value                                  | 4.5~7.0                              |
| Moisture                                  | 6.0%~9.0%                            |
| Assay                                     | $\geq 832$ ug/mg                     |
| Light-absorbing at 430nm                  | $\leq 0.25\%$ (anhydrous substance ) |
| Light-absorbing at 490nm                  | $\leq 0.20\%$ (anhydrous substance ) |
| U.S. Sieve No.20(850um)                   | All pass                             |
| U.S. Sieve No.80(180um)                   | $\leq 5\%$ max on the sieve          |
| 4-epioxytetracycline                      | $\leq 0.5\%$                         |
| Tetracycline Hcl                          | $\leq 2.0\%$                         |
| Eluting on the tail of the principal peak | $\leq 2.0\%$                         |

## Oxytetracycline HCL FAQ

### 1, What kinds of certificates can you offer?
